

THE ULTIMATE SUCCESS DECISION GUIDE

- FOR FAMILY BUSINESS LEADERS -

and Exit Planning Attorney

Based on our national experience and our affiliations with the country's leading Family Business Strategy, Asset Protection, Business Continuity, Leadership, Succession, Exit and Estate Planning Organizations, we have developed:

THE "ULTIMATE SUCCESS" DECISION GUIDE - FOR FAMILY BUSINESS LEADERS -

Dear Family Business Leaders and Trusted Advisors -

Hundreds of Family Business Leaders (and their Trusted Advisors) have trusted us to "look into the future" with them for a very specific reason.

Whether they are a startup or already well into many years with their business, they want to achieve remarkable success in all "Four Quarters" of their life as a business leader and owner.

And they want to avoid the Fourth Quarter "Train Wrecks" which derail even the best Business Leaders.

None of us want to let down those who depend on us. We all want to keep the promises we have made to ourselves, to our families, to our colleagues, to our stakeholders, to our customers and to our communities.

The Family Business Leaders we work with deploy a Pioneer Mindset. In this age of massive disruption, they know that if they and their team are not amongst today's pioneers, the odds of continuing their Family Business success are remote.

These Leaders are today's Pioneers. You are eager to explore and create new opportunities. You look for new ways to advance the lives of your colleagues, customers and families. You begin with a specific, thoughtful end in mind in everything you do. And you set a course for winning all of your "Four Quarters".

You know your plan so far has worked well, may not be perfect and is subject to change. You are proceeding every day with your end objectives in mind. You have a very good idea of where you want to head, how to get there, and who you won't let down.

Our Family Business Continuity Team has worked with over 1,200 Business Leaders/Pioneers on achieving real world "Fourth Quarter" results. We are working together with today's Family Business Leaders/Pioneers to grow, develop and strengthen family companies throughout the U. S.

This all begins with understanding what you value most. And then moving ahead with speed, clarity and purpose to deploy what's needed to stay successful throughout the whole game.

You were successful before we showed up. We invite you to learn more about the 4 Powerful Playbooks which we are deploying with Family Business Leaders/Pioneers who want your hard work and efforts to continue to pay off by seeing and starting with your "Fourth Quarter First."

Sincerely,

Nick Niemann

"Why is this "Fourth Quarter" Game Plan Program so effective?"

Because it wasn't created by a lawyer sitting in an office reading law journals.

Over many years I've worked with hundreds of Family Business Leaders and been a part of some great national business organizations which focus on what is needed for Companies and their Leaders to become and to remain extremely successful.

These have included:

- Vistage International Family Business Network
- Business Enterprise Institute
- CEO Space International
- John Maxwell Executive Leadership Program
- Family Firm Institute
- Secret Knock
- Strategyzer AG
- Exit Planning Institute

As a member of these organizations, and having taught business design and innovation to Vistage CEO Boards across the U.S. and Canada, I've learned from hundreds of the country's best and brightest CEOs dedicated to building and growing companies which endure.

I've learned from them what is important to them and what isn't important.

That is what I've been bringing to other Family Business Leaders around the U.S. by developing and deploying our "Fourth Quarter" Game Plan Program.

When we work with Family Business Leaders, we ask about your story and the story of your Family Business. We get to see the heart and soul of America's family entrepreneurs, that is, America's new breed of Family Business Pioneers. We get to see your passion and your excellence. We get to see the love and respect you have for your colleagues and for those you serve. We get to see the grit, determination and pioneer spirit which drive you and your team. Just as it has driven me ever since growing up in the Niemann Family Businesses.

Now with over 60 attorneys deployed in over 80 practice areas, we are partnering with families, their businesses and their other Trusted Advisors throughout the U.S. to help create incredible, lasting value.

We start by working with you to answer . . .

3 Key Questions:

1. **Discover.** What will be the probable, almost certain, future outcome of our present course, if left unchanged?

2. **Decide.** What's missing - the presence of which will make a substantial difference in producing a better future outcome?

3. **Deploy.** What do we need to do next to move ahead with speed, clarity and focus to deploy what's missing?

"Nick, it's important that I say 'THANK YOU'. I know the work that goes into mastering something—and you are a master!"

Cathy Fitzhenry. Omaha Chair, Vistage International—the world's leading CEO peer group and private advisory board organization.

"Nick Niemann is a great planner and thinker and a leader in this entire field."

THE “ULTIMATE SUCCESS” =

“FOURTH QUARTER FIRST” MINDSET + DEPLOY THE RIGHT PLAYS + AVOID THE 24 “TRAIN WRECKS”

Achieving The Ultimate Success Needs More Than Just Basic Planning

This requires what we call “Fourth Quarter” Planning. This is a mindshift which Family Business Leaders/Pioneers have been asking us to deploy with them. It is a belief in the need to “begin with the end in mind” if you really intend to be and stay successful.

It is a combination of Strategic, Asset Protection, Business Continuity, Leadership, Succession, Exit and Estate Planning. It is the deliberate, adaptable and customized process for working with Business Leaders and your families and colleagues to continue to profitably build your Business. And to deploy early on what’s needed to achieve a successful future transition and eventual exit from your Company. It addresses how to protect what you’re building and how to take control of your legacy.

It’s About Seeing And Starting With Your “Fourth Quarter First”

For this reason, “Fourth Quarter” Planning addresses your planned, foreseeable growth and future exit. Ideally, your future Fourth Quarter will occur on your terms and timetable. However, sometimes unforeseen events (such as unexpected death or disability or the loss of key employees) will frustrate the best laid plans. So, “Fourth Quarter” Planning comes with back up plans in case of an unexpected owner, partner or key employee death, disability, departure, dispute, divorce or business downturn.

To Be And To Stay Successful For The Whole Game

Many Family Business Leaders/Pioneers have heard us say that our job is to “look into the future” with you. And then work together on what is needed to avoid foreseeable pitfalls and to achieve the outcome you want.

That is the essence of “Fourth Quarter” Planning. To look ahead. To see it coming. To avoid “Train Wrecks.” To deploy what’s needed to keep the promises you’ve made to yourself, your family, your colleagues, your stakeholders, your customers and your communities.

By Deploying Some Very Powerful, Yet Simple, Concepts

“Fourth Quarter First” thinking is a very simple mindset. Yet, in practice, it’s often overlooked. Too many business owners are on the journey, but have no clear destination in mind (or they are missing the steps needed to get there).

Together we simply focus on both the journey and the destinations you want for yourself, your family, your colleagues and your Company. We then address what’s needed to actually get there. We “Begin with the end in mind” (i.e. “Fourth Quarter First”). And we live by the flexibility principle that “All plans are firm...until changed.”

“Are we a “Family Business”?”

“Every business is a family business. To ignore this truth is to court disaster.”

AM I IN OR NEAR MY "FOURTH QUARTER" YET?

HOW MANY OF THESE MAY APPLY TO YOU?

- Ready, Just In Case.** I plan to keep working on growing our Company for some time yet, but I am seeing it needs to be better structured for my unexpected death, disability or other unexpected exit or opportunity.
- Retirement. Yeah. Maybe.** I am seeing retirement at some point even though I intend to own our Company until my death or disability.
- Partner Options.** I am seeing the need for me and my partners to agree (or revise our agreement) on future ownership buy-sell options.
- Business Model Heading South.** I am seeing or feeling (or being told of) the need to change, pivot, fix or improve our Business Model, but I just won't act on it like I used to.

- Just In Case.** I'm not ready to exit yet, but I am seeing the need to have a plan in place.
- Get Successor Ready.** I would like to still run our Company for a while, but want to start developing a successor so I can spend more time doing something else, such as traveling with my spouse and family.
- Did It. Next.** I've achieved my goals as a business owner and would like to leave when and if the best opportunity comes up.
- Ready To Coach.** I would like to give an adult child or key colleague the opportunity to start leading the Company (and perhaps be able to coach them for a while).
- Will Team Stick?** I am wondering whether our key colleagues or possible successor will stick with me.
- Slow It Down.** I am ready to retire or slow down as soon as feasible.
- They Grow Up Fast.** I would like to spend more time with my children or grandchildren.
- Spouse Actually Loves Me.** My spouse would like me to retire or slow down.
- So Do My Children.** My children would like me to retire or slow down.
- But Stay Invested. Ok?** I would like to retire from most active duties, but remain as owner for a while.
- New Stuff! Really!?!?** I am not sure whether I am able or willing to keep up or catch up with the new technologies or Business Models demanded in our industry.
- Thinking. Thinking.** I am spending more time thinking about what our Company is worth than how to grow it.
- It's The Economy. Again !?!?** I am not sure I want to fight another economic down cycle.
- Window Closing.** I recognize that valuation multiples or business sector consolidation today may present a temporary window of opportunity for my exit.
- Find Out.** I want to take some time to test the market for the sale of our Company.
- Uncle Sam.** I still love our country but I don't want to leave 40-60% to our Uncle Sam.

- Not Investing More.** Taking our Company to the next level will require a new level of debt or equity investment which may not be desired or feasible.
- Time To Diversify.** As I've reached this point in my life, I have a decreasing tolerance for risk and a desire to remove some financial chips from the table.
- Customers Thinking.** I realize that some customers may start wondering whether I have a capable successor to continue our great service for them.
- Enough.** Fatigue and boredom may be starting to set in.
- Turn The Page.** I can start to see getting ready to start a new chapter in my life or have just lost the "fire in the belly" to continue pursuing our business.
- Someone Is Stepping Up.** I never thought I would sell, but someone is offering me the right price and the right terms.
- Anyone? Anyone?** I am wondering whether anyone will be interested in buying our Company at the price and terms I want.
- Keeping Healthy.** I or my spouse or other family member are starting to encounter some health concerns or I want to take some steps to head off the development of health concerns.
- Staying Step Ahead.** I realize our banker and surety may start wondering if my Fourth Quarter will impact their comfort level with our Company.
- I Mentored Them.** I have some adult children or key colleagues who are starting to insist on leadership or ownership if they are to remain with the Company.
- Want To Help Others.** I have community or charitable ventures I would like to spend more time pursuing.
- Next Game.** I want to exit our Company and invest in a new venture.
- Won't Wait Till Too Late.** I realize waiting for the "Two Minute Warning" or Overtime won't be the best route for anyone impacted by my decisions.
- I'm Cashing Out.** I am ready to sell our Company and cash out now.
- DIY? No.** I realize my expertise is in running our Company, not in do-it-yourself Succession and Exit Planning or Estate Planning.
- Family.** I am increasingly aware certain actions are needed to be sure our family is taken care of.
- Gotta Protect Others As Well.** I know I am in my "Fourth Quarter" and I don't want our Company, family, colleagues, or customers to be at risk from the changing personal, business and financial dynamics that will hit in my personal "Fourth Quarter".
- Best Course.** I have come to realize that the best course for our family, our long term colleagues, and our valued customers, is for me to lay in the ground work and the planning for my exit. This is whether my exit occurs sooner or later, so that I have best provided for the well being of our family, the continuity of our business, the continuity of employment for our valued colleagues and the continuity of products and services for our valued customers.

of Each Great Play Deployed In Time?**

Inspired By Excellence. Committed To Your Success.

When we work with Family Business Leaders, we ask about your story and the story of your family business. We get to see the heart and soul of America's family entrepreneurs, that is, America's new breed of Family Business Pioneers.

We get to see your passion and your excellence. We get to see the grit and determination which drive you. We get to see the love and respect you have for your colleagues and for those you serve. In short, we get to see the pioneer spirit which drives you and your team. Just as it has driven me and our team.

For over 60 years we have been working with our nation's food companies, restaurants, farmers and ranchers to feed people better. We have been working with contractors and companies to build better and more affordable homes and new business facilities.

We have been working with technology companies to develop new ideas that improve lives. We have been working with inventors, startup companies and health care providers to develop patented medical devices, leadership teams and joint ventures that save lives. We have been working with energy companies to help fuel our homes and the businesses we all rely on.

We have been working with bankers, key partners, manufacturers,

distributors, retailers and transportation companies to finance, produce and deliver better products and services to communities around the world. We have been working with family business pioneers and their other trusted advisors to transform, grow, carry on and transition the family business dream, the backbone of our great country.

We have been working with our community leaders to improve our cities and our schools. We have been working with our elected leaders to improve the business climate to create and attract new and better jobs for families.

For over 60 years, this has been the McGrath North Law Firm.

Working quietly behind the scenes closely with the talented leaders of great organizations around the world to make lives better.

Working together. Working stronger. Working faster. Working better. Overcoming Roadblocks. Avoiding Train Wrecks.

Inspired by excellence. Committed to your success.

Our diverse team isn't waiting for the future. We are helping to produce new, incredible, sustainable results right now.

We invite you to join us as we move quickly ahead towards the next 60 years.
