THE ULTIMATE SUCCESS DECISION GUIDE

- FOR FAMILY BUSINESS LEADERS -

Nick Niemann, JD

Family Business Continuity Attorney and Startup/Exit Planning Attorney

Based on our national experience and our affiliations with the country's leading Family Business Strategy, Asset <u>Protection, Business Continuity, Leadership, Succession, Exit and Estate Planning Organizations, we have developed:</u>

THE "ULTIMATE SUCCESS" DECISION GUIDE - FOR FAMILY BUSINESS LEADERS -

Dear Family Business Leaders and Trusted Advisors -

Hundreds of Family Business Leaders (and their Trusted Advisors) have trusted us to "look into the future" with them for a very specific reason.

Whether they are a startup or already well into many years with their business, they want to achieve remarkable success in all "Four Quarters" of their life as a business leader and owner.

And they want to avoid the Fourth Quarter "Train Wrecks" which derail even the best Business Leaders.

None of us want to let down those who depend on us. We all want to keep the promises we have made to ourselves, to our families, to our colleagues, to our stakeholders, to our customers and to our communities.

The Family Business Leaders we work with deploy a Pioneer Mindset. In this age of massive disruption, they know that if they and their team are not amongst today's pioneers, the odds of continuing their Family Business success are remote.

These Leaders are today's Pioneers. You are eager to explore and create new opportunities. You look for new ways to advance the lives of your colleagues, customers and families. You begin with a specific, thoughtful end in mind in everything you do. And you set a course for winning all of your "Four Quarters".

You know your plan so far has worked well, may not be perfect and is subject to change. You are proceeding every day with your end objectives in mind. You have a very good idea of where you want to head, how to get there, and who you won't let down.

Our Family Business Continuity Team has worked with over 1,200 Business Leaders/Pioneers on achieving real world "Fourth Quarter" results. We are working together with today's Family Business Leaders/Pioneers to grow, develop and strengthen family companies throughout the U. S.

This all begins with understanding what you value most. And then moving ahead with speed, clarity and purpose to deploy what's needed to stay successful throughout the whole game.

You were successful before we showed up. We invite you to learn more about the 4 Powerful Playbooks which we are deploying with Family Business Leaders/Pioneers who want your hard work and efforts to continue to pay off by seeing and starting with your "Fourth Quarter First."

Sincerely,

Nick Niemann

3 Key Questions:

1. <u>Discover</u>. What will be the probable, almost certain, future outcome of our present course, if left unchanged?

2. <u>Decide</u>. What's missing - the presence of which will make a substantial difference in producing a better future outcome?

3. **Deploy**. What do we need to do next to move ahead with speed, clarity and focus to deploy what's missing?

"Why is this "Fourth Quarter" Game Plan Program so effective?"

Because it wasn't created by a lawyer sitting in an office reading law journals.

Over many years I've worked with hundreds of Family Business Leaders and been a part of some great national business organizations which focus on what is needed for Companies and their Leaders to become and to remain extremely successful.

These have included:

- Vistage International Family Business Network
- Business Enterprise Institute
- · CEO Space International
- John Maxwell Executive Leadership Program
- Family Firm Institute
- Secret Knock
- Strategyzer AG
- · Exit Planning Institute

As a member of these organizations, and having taught business design and innovation to Vistage CEO Boards across the U.S. and Canada, I've learned from hundreds of the country's best and brightest CEOs dedicated to building and growing companies which endure.

I've learned from them what is important to them and what isn't important.

That is what I've been bringing to other Family Business Leaders around the U.S. by developing and deploying our "Fourth Quarter" Game Plan Program.

When we work with Family Business Leaders, we ask about your story and the story of your Family Business. We get to see the heart and soul of America's family entrepreneurs, that is, America's new breed of Family Business Pioneers. We get to see your passion and your excellence. We get to see the love and respect you have for your colleagues and for those you serve. We get to see the grit, determination and pioneer spirit which drive you and your team. Just as it has driven me ever since growing up in the Niemann Family Businesses.

Now with over 60 attorneys deployed in over 80 practice areas, we are partnering with families, their businesses and their other Trusted Advisors throughout the U.S. to help create incredible, lasting value.

"Nick, it's important that I say 'THANK YOU'. I know the work that goes into mastering something and you are a master!"

Cathy Fitzhenry. Omaha Chair, Vistage International—the world's leading CEO peer group and private advisory board organization.

"Nick Niemann is a great planner and thinker and a leader in this entire field."

John Brown. Founder, Business Enterprise Institute, one of the two leading Succession and Exit Planning Organizations in the U.S.

Achieving The Ultimate Success Needs More Than Just Basic Planning

This requires what we call "Fourth Quarter" Planning. This is a mindshift which Family Business Leaders/Pioneers have been asking us to deploy with them. It is a belief in the need to "begin with the end in mind" if you really intend to be and stay successful.

It is a combination of Strategic, Asset Protection, Business Continuity, Leadership, Succession, Exit and Estate Planning. It is the deliberate, adaptable and customized process for working with Business Leaders and your families and colleagues to continue to profitably build your Business. And to deploy early on what's needed to achieve a successful future transition and eventual exit from your Company. It addresses how to protect what you're building and how to take control of your legacy.

It's About Seeing And Starting With Your "Fourth Quarter First"

For this reason, "Fourth Quarter" Planning addresses your planned, foreseeable growth and future exit. Ideally, your future Fourth Quarter will occur on your terms and timetable. However, sometimes unforeseen events (such as unexpected death or disability or the loss of key employees) will frustrate the best laid plans. So, "Fourth Quarter" Planning comes with back up plans in case of an unexpected owner, partner or key employee death, disability, departure, dispute, divorce or business downturn.

To Be And To Stay Successful For The Whole Game

Many Family Business Leaders/Pioneers have heard us say that our job is to "look into the future" with you. And then work together on what is needed to avoid foreseeable pitfalls and to achieve the outcome you want.

That is the essence of "Fourth Quarter" Planning. To look ahead. To see it coming. To avoid "Train Wrecks." To deploy what's needed to keep the promises you've made to yourself, your family, your colleagues, your stakeholders, your customers and your communities.

By Deploying Some Very Powerful, Yet Simple, Concepts

"Fourth Quarter First" thinking is a very simple mindset. Yet, in practice, it's often overlooked. Too many business owners are on the journey, but have no clear destination in mind (or they are missing the steps needed to get there).

Together we simply focus on both the journey and the destinations you want for yourself, your family, your colleagues and your Company. We then address what's needed to actually get there. We "Begin with the end in mind" (i.e. "Fourth Quarter First"). And we live by the flexibility principle that "All plans are firm...until changed."
